	Proposed Contract	
	A meeting was held in the Office of General Counsel on Friday, 10 September 1948 for the purpose of discussing the application of an Invention and/or Discovery Clause in the proposed contract.	25X1A
25X1A	The meeting was attended by Messrs. Mouston, and	25X1A
	Gossumications Division and Services Branch.	25X1A
	The contractor will accept nothing less than a fixed priced contract. Further, the contractor contends that the work to be performed is a modification of equipment of design and development. As a consequence, no license will be granted in connection with this contract.	25X1A ]
	It is felt that there is a definite possibility of new inventions or discoveries resulting from the proposed contract. Since the contractor has declined to include a provision for the in the contract, it was agreed by and the General Gounsel that investigation of another means of accomplishing the work would be made.	25X1A
	No further action on the proposed contract will be taken pending further information from Communications Division and the Office of the General Counsel.	<b>©</b>
